

Lian Li EX-34A Expansion Hard Drive Kit - Silver

\$34.95

Product Images

Short Description

At long last we have a movable hard drive rack that can be mounted in three 5.25" bays of most Lian Li Mid and Full tower cases. This fully aluminum rack will convert the three 5.25" bays to a rack that will hold (4) three 3.5" hard drives! The entire module is cooled by a centered 120 mm fan.

Description

At long last we have a movable hard drive rack that can be mounted in three 5.25" bays of most Lian Li Mid and Full tower cases. This fully aluminum rack will convert the three 5.25" bays to a rack that will hold (4) three 3.5" hard drives! The entire module is cooled by a centered 120 mm fan.

Features

- Front Panel with washable air filter
- Hard drive module with 120mm ball bearing cooling fan
- Aluminum alloy allows for fast hard drive cooling
- Rack is movable and can be used in most any three 5.25" bays
- Very attractive design as well as the fit and finish
