

BARROW

Barrow Jetting type micro waterway CPU block (Supreme Edition) for INTEL platform - Black with Black Bracket

\$57.50

Product Images

Short Description

These Barrow CPU waterblocks are made with high strength acrylic that will not crack, is highly transparent and has a longer service life.

Description

These Barrow CPU waterblocks are made with high strength acrylic that will not crack, is highly transparent and has a longer service life.

Features

ORIGINAL IMPORTED ACRYLIC BOARD

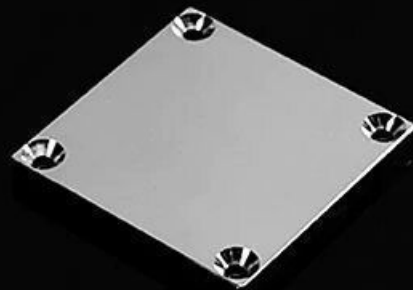

- Original imported acrylic raw materials
- No discoloration, no cracking
- Higher transparency and longer life

ORIGINAL IMPORTED ACRYLIC MATERIAL DOES NOT CHANGE COLOR, NO CRACK TRA
ORIGINAL IMPORTED ACRYLIC MATERIAL DOES NOT CHANGE COLOR, NO CRACK
ORIGINAL IMPORTED ACRYLIC MATERIAL DOES NOT CHANGE COLOR, NO CRACK TRAN

NICKEL PLATED RED COPPER PLATE

- Red copper with high thermal conductivity is used as the main material of the bottom plate
- Endothermic and heat transfer efficiency second only to silver

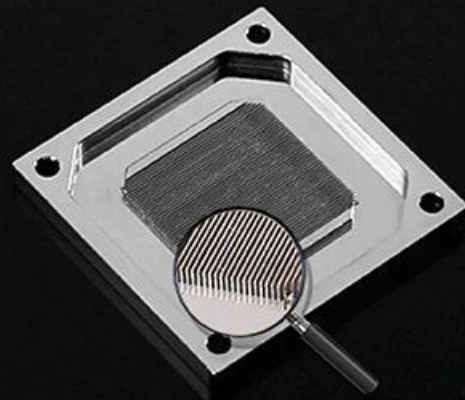

L.R.C LED SYSTEM

- Built-in RGB lighting components,
- Various color transformations are possible

0.4MM MICRO CHANNEL

- 58mm*58mm, high purity red copper nickel plated bottom plate
- Up to 49 micro-waterways, 4+2 asymmetrical (0.4mm groove width + 0.2mm interval) waterways
- Increases the area of the coolant in contact with the bottom plate and enhances heat dissipation

LRC RGB FULL COLOR RGB LIGHTING CONTROL SYSTEM 2.0

Version 2.0 lamp with beads asynchronously static and dynamic lighting effects, that is, during the same time period of each lamp beads can be independently changed color. Built-in removable RGB lighting components, according to the actual need to replace the lighting components.

CONTROL SYSTEM 2.0

LRC full-color RGB lighting control system 2.0 includes BARROW 2.0 version manual controller, 8 way remote controller. Compatible with all BARROW' S 2.0 version of the RGB light-based components and other independent products and built-in lighting components products.

P/N: ARSKZQ
MANUAL CONTROLLER

P/N: DK201
8 WAY REMOTE CONTROLLER

LRC2.0 light effect can be synchronized with some of the motherboards' lighting effects through a conversion cable

ASUS

MSI

GIGABYTE

ASROCK

COMPATIBLE WITH ABOVE MOTHERBOARDS 5V RGB DIMMING SYSTEM,
ABOUT OTHER BRANDS AND COMPATIBLE INFORMATION ,
PLEASE REFER TO THE MANUFACTURERS' RELEVANT INFORMATION.

Specifications

CPU socket compatibility:
Intel Socket Lga115x(1150 1151 1155 1156)

Additional Information

Brand	Barrow
SKU	LTFHB-04N-V2-BK BK
Weight	2.5000
Color	Black
CPU Series	Intel 115X/1200
Block CPU Type	Intel
Block Style	Nickel-Plexi
Vendor SKU/EAN	6937826612169
