### Product Details:

The 3.5" SATA to eSATA/USB 2.0 (EB307ES-B) interfaced Jazz is a perfect fit for enthusiasts with highest demand of speed for massive data transferring.

With its unique waved mesh cover, aluminum body and entirely "zero-screw" design, the 3.5" Jazz enclosures are designed and built from top to bottom of being one of the best enclosures available. Different from other so-called "Screw-less" or "Tool-free" design, the patented "zero screw" technology allows you to "squash" and secure your hard disk into the enclosure without ever using any tools.

Features:

- Enermax "Zero-Screw" design (patented) : Just put HDD inside, connect it and close the enclosure without any screws
- "Instant Cooling" design: aluminum housing with integrated steel Massive brushed meshing for highest heat dissipation and sturdiness
- eSATA expansion slot bracket included to install in any desktop case for eSATA connection
- Designed for 3.5" SATA I & II HDD with external SATA (eSATA) interface for 3.0Gb/sec (6 times faster than USB2.0)
- Sleek industrial design with high brightness & long life tri-color LED indicator
- Built-in power On/Off switch for safe operation
- Vertical acrylic stand with rubber for desktop use
- 4 extra anti-slippery rubber feet for enclosure included
