RGB enthusiasts will be pleased to know that the Bitspower Njord Dual-Fin DRGB fans are equipped with an embedded Bitspower Digital RGB LED strip around the inner frame of the fan shaft for a unique light effect. Bitspower also made sure to have Njord DRGB LEDs certified by ASUS AURA Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync, and ASRock Polychrome to ensure a synchronous lighting of your system. Lastly, thanks to collaboration with InWin on the daisy chain modular connector, you can synch the RGB effects and speed of multiple Njord fans by daisy chaining them together for a better light effect.
