Short Description

Replacement O-ring seals for HEATKILLER® IV VGA series water blocks. This set contains all O-rings for the specified water block.

Description

Replacement O-ring seals for HEATKILLER® IV VGA series water blocks. This set contains all O-rings for the specified water block.

Please note: We only use the highest quality materials. When used correctly, our O-rings have a very long lifespan. Replacement is only necessary when the O-ring is lost or damaged.

The O-ring between the connection terminal and the water block can also be bought separately.
