Short Description

Mini-ITX Case with Lighting and Fan control

We've made our iconic H Series PC cases even better. Our new lineup still features the elements builders loved in the original H Series, including our patented cable management system, removable fan/radiator mounting brackets, and easy-to-use drive trays, alongside new updates like a front-panel USB-C connector supporting high-speed USB 3.1 Gen 2 devices, a tempered glass side panel that installs with a single thumbscrew, and an upgraded Smart Device V2 on the H210i.

Description

Mini-ITX Case with Lighting and Fan control

We've made our iconic H Series PC cases even better. Our new lineup still features the elements builders loved in the original H Series, including our patented cable management system, removable fan/radiator mounting brackets, and easy-to-use drive trays, alongside new updates like a front-panel USB-C connector supporting high-speed USB 3.1 Gen 2 devices, a tempered glass side panel that installs with a single thumbscrew, and an upgraded Smart Device V2 on the H210i.

- The new Smart Device V2 includes a faster microprocessor for NZXT CAM-powered control of two HUE 2 RGB lighting channels and three fan channels that support either voltage regulated or PWM fans.
- With a USB 3.1 Gen2-compatible USB-C connector on the front panel, it's easier than ever to connect smartphones, high-speed external storage, or the latest peripherals to your PC.
- The clean, modern design, iconic cable management bar, and uninterrupted tempered-glass side panel showcase your stunning build.
- Use the intuitive NZXT CAM application to monitor and control your build, choosing from presets or custom controls for your RGB lighting and fans to create your dream PC.
- Cable management can often take more time than assembly. We designed a cable routing kit with pre-installed channels and straps, for intuitive and easy wiring.
- Two Aer F120mm fans* are included for optimal internal airflow and the front panel and PSU intakes include removable filters. Includes a removeable bracket designed for radiators up to 240mm simplifies the installation of either closed-loop or custom-loop water cooling.
- **Case version fans and specs vary from retail version*

Features

SMARTER (i VERSION ONLY)

The H series features design improvements including a re-designed SSD tray, flush tempered glass mounting and numerous fine adjustments for a smarter build experience. The new Smart Device V2 includes a faster microprocessor providing NZXT CAM-powered control of two HUE 2 RGB lighting channels, and three fan channels that support either voltage regulated or PWM fans.

MORE MODERN

With a USB 3.1 Gen2-compatible USB-C connector on the front panel, it's easier than ever to connect smartphones, high-speed external storage, or the latest peripherals to your PC.

STILL BEAUTIFUL

The clean, modern design, iconic cable management bar, and uninterrupted tempered-glass side panel showcase your stunning build.

ENJOYABLE BUILDS FOR ALL

Cable management can often take more time than assembly. We designed a cable routing kit with pre-installed channels and straps, for intuitive and easy wiring.

H710i & H510i VERTICAL GPU MOUNT (i VERSION ONLY)

Show off your graphic card. The H710i and H510i comes with mounting for your GPU to be installed vertically.

*PCIe riser card not included.

STREAMLINED COOLING

A front bracket designed for radiators up to 280mm makes installing water-cooling simple. Two Aer F 120mm fans* are included for optimal internal airflow and the front and PSU intakes include removable filters.

POWERED BY NZXT CAM (i VERSION ONLY)

Use the intuitive NZXT CAM application to monitor and control your build, choosing from presets or custom controls for your RGB lighting and fans to create your dream PC.
