Description

Support Addressable RGB Lighting Synchronization Spacious Interior Supports E-ATX Motherboard Movable HDD Cage for 20cm PSU Installation MAKASHI MK50, an addressable RGB-ready chassis, is characterized by a brilliant RGB lighting strip in the front, a movable HDD cage for longer PSU installation, a tempered glass side window, and versatile cooling support. The roomy E-ATX chassis offers 3 designated mounting positions for liquid coolers and can accommodate up to 8 fans, providing gamers and modders with great flexibility in cooling configuration. MAKASHI MK50 is absolutely a great choice for users to design their own masterpiece. Feature Simple and decent exterior design Unique lightning-shaped RGB strip in the front panel creates a visually appealing look; the lighting of the strip can be easily control.
