Description

Bitspower Deep Blood Red Five Rotary Snake-Style Dual IG1/4" Extender BP-DBRSR5D

Bitspower announces it's new parts for water-cooling, snake-style adapters...maybe it's tubing replacement! These new G 1/4" angle adapters are perfect for tight spaces and change the direction of your water input or output without affecting flow. With 360 degree rotary movement you can secure the connection yet still twist the direction of the fitting to any angle you desire. No more kinked tubing! These are the bomb!

*** Bitspower reserves the right to change the product design and interpretations. These are subject to change without notice. Product colors and accessories are based on the actual product. ***

*** From 15th March 2018, all of our installation guides will be provided electronically via an easy-to-use QR code attached to the packaging. ***

*** Before filling in the water, please make sure all the components are installed correctly. To prevent any leakage which may damage the PC components, please perform a 24-hour leaking test with only the pump connected to the power supply. ***
