

Mainframe Customs Teleios Sample Pack

\$9.99 As low as
\$0.24

Product Images

Short Description

This Teleios sleeve sample pack includes a ~6in piece of each of our Teleios 4mm colors listed below. This will help you decide which colors you need to purchase to match the colors of your build. Each color is also conveniently labeled, so you know exactly which color to order. On top of that, a ~6in piece of our premium 16AWG wire in White and Black is also included so you can see how the color of the wire affects the color of the sleeve.
