

Mainframe Customs 3/16" 3:1 Heatshrink – Black

\$0.99

Product Images

Short Description

This is 3/16" 3:1 heatshrink perfect for heatshrink style sleeving with paracord or PET types.

We made sure to find heatshrink that has a high heat tolerance needed for the heatshrinkless style. The diameter and wall thickness combined with the materials used gives it the durability it needs to be used for the heatshrinkless style.

Description

This is 3/16" 3:1 heatshrink perfect for heatshrink style sleeving with paracord or PET types.

We made sure to find heatshrink that has a high heat tolerance needed for the heatshrinkless style. The diameter and wall thickness combined with the materials used gives it the durability it needs to be used for the heatshrinkless style.

This heatshrink is commonly used with PET types of sleeve.
