

EK-Quantum Vector Strix RTX 2080 D-RGB Upgrade Kit - Black

\$29.99

Product Images

Short Description

An addressable D-RGB upgrade kit for existing EK-Vector Strix RTX 2080 high-performance full-cover water blocks that fits multiple ROG STRIX RTX 2080 graphics cards. The upgrade kit includes a new black stick out with an addressable D-RGB LED strip and a new terminal cover that also features the 5V D-RGB addressable LED lighting.

Description

An addressable D-RGB upgrade kit for existing EK-Vector Strix RTX 2080 high-performance full-cover water blocks that fits multiple ROG STRIX RTX 2080 graphics cards. The upgrade kit includes a new black stick out with an addressable D-RGB LED strip and a new terminal cover that also features the 5V D-RGB addressable LED lighting.

EK-Quantum Vector RTX 2080 D-RGB Upgrade Kit enables a quick and easy upgrade of the existing EK-Vector Strix RTX to the latest addressable 5V D-RGB version of this EK-Quantum water block.

This product is compatible with ASUS AURA sync D-RGB control software. The arrow marking on the 3-pin LED connector is to be aligned with the +5V marking on the D-RGB (addressable) / AURA Gen2 header.

Specifications
