Short Description

EK-Quantum Vector Trio RTX 2080 Ti D-RGB Upgrade Kit is an addressable D-RGB upgrade kit for the existing EK-Vector Trio RTX 2080 Ti high-performance full-cover water blocks that fit multiple MSI Gaming Trio RTX 2080 Ti graphics cards. The upgrade kit includes a new white stick out with an addressable D-RGB LED strip and a new terminal cover that also features the 5V D-RGB addressable LED lighting.

Description

EK-Quantum Vector Trio RTX 2080 Ti D-RGB Upgrade Kit is an addressable D-RGB upgrade kit for the existing EK-Vector Trio RTX 2080 Ti high-performance full-cover water blocks that fit multiple MSI Gaming Trio RTX 2080 Ti graphics cards. The upgrade kit includes a new white stick out with an addressable D-RGB LED strip and a new terminal cover that also features the 5V D-RGB addressable LED lighting.

EK-Quantum Vector Trio RTX 2080 Ti D-RGB Upgrade Kit enables a quick and easy upgrade of the existing EK-Vector Trio RTX 2080 Ti to the latest addressable 5V D-RGB version of this EK-Quantum water block.

This product is compatible with MSI Mystic Lights RGB control software. The arrow marking on the 3-pin LED connector is to be aligned with the +5V marking on the D-RGB (addressable) header.

Specifications
