Short Description

Small dent in Side panel Sold As-Is

The Fortress FT02 is a computer chassis that combines two of the most distinct breakthroughs introduced by SilverStone Technology in the PC chassis market. The first was the unibody construction debuted on the Temjin TJ07 chassis in 2005 and the second was the 90 degrees rotated motherboard mounting from the RAVEN RV01 chassis in 2008. Both of these innovations have been available as separate, exclusive products until now.

Description

Small dent in Side panel Sold As-Is

Product Details:

The Fortress FT02 is a computer chassis that combines two of the most distinct breakthroughs introduced by SilverStone Technology in the PC chassis market. The first was the unibody construction debuted on the Temjin TJ07 chassis in 2005 and the second was the 90 degrees rotated motherboard mounting from the RAVEN RV01 chassis in 2008. Both of these innovations have been available as separate, exclusive products until now. With the Fortress FT02, SilverStone engineers managed to combine the solidarity of unibody construction with the excellent cooling layout of the RAVEN chassis design that takes advantage of natural stack effect (hot air raises). In addition, hot-swappable hard drive cage was added to complement a foam padded interior. The resulting product is more rigid structurally, has more storage capacity, and quieter than the similarly designed RAVEN RV02. While cooling and acoustic performance are certainly its strengths, the Fortress FT02 is no slouch either when it comes to aesthetics. Available in black and silver colors, its elegant outer shell is perfectly accentuated by the U-shaped unibody aluminum frame that not only provides unique styling, but also functional purpose. The bottom gap from the frame to the main body actually serves as the main air intake area for its three massive 180mm fans, making it even suitable for use on carpeted surfaces. For professionals or enthusiasts looking to build a silent workstation or gaming PC with maximum performance, there is really no better choice than the Fortress FT02.

Features

Features:

- Revolutionary 90 degree motherboard mounting from RAVEN RV01
- 4.5mm aluminum unibody frame
- Three 180mm fans for unprecedented positive pressure and stack effect cooling
- Supports liquid cooling radiator mounting
- Motherboard back plate opening behind CPU area for quick cooler assembly
- Supports 11" wide ATX motherboard
- Foam padded interior for advanced noise absorption

Specifications

Specifications:

Model No.	SST-FT02B (black), SST-FT02B-USB3.0 (black)	
	SST-FT02S (silver), SST-FT02S-USB3.0 (silver)	
	SST-FT02B-W (black + window), SST-FT02B-W-USB3.0 (black + window)	
	SST-FT02S-W (silver + window), SST-FT02S-W-USB3.0 (silver + window)	
Material	4.5mm aluminum unibody frame, 0.8mm steel body	
Motherboard	SSI-CEB, ATX (maximum 12" x 11"), Micro-ATX	
Multimedia	--	
Drive Bay	External	5.25" x 5
		--
	Internal	3.5" x 5 , 2.5" x1
Cooling System	Front	--
	Rear	--
	Side	--
	Top	1 x 120mm exhaust, 1200rpm, 19dBA
	Bottom	3 x 180mm intake fan 700/1000rpm, 18/27dBA
	Internal	--
Expansion Slot	7	
Front I/O Port	USB 2.0 x 2 (SST-FT02B, SST-FT02S, SST-FT02B-W, SST-FT02S-W only) USB 3.0 x 2 (SST-FT02B-USB3.0, SST-FT02S-USB3.0, SST-FT02B-W-USB3.0, SST-FT02S-W-USB3.0 only) Audio x 1 MIC x 1	
Power Supply	1 x Optional standard PS2(ATX)	
Operating system support	--	

Expansion Card	Support 12" or 12.2" (with fan grille removed)
Limitation of CPU cooler	165mm
Limitation of PSU	Unlimited
Net Weight	15kg
Dimension	212mm (W) x 497mm (H) x 616mm (D), 64.9 liters
Extra	One CP05 included for single hot-swappable SATA hard drive, additional CP05 can be purchased separately

Additional Information

Brand	SilverStone Technology
SKU	SST-FT02B-USB3.0-SND
Weight	57.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	No Window
Vendor SKU/EAN	844761008666
Special Price	\$260.95
