Short Description

This powerful Lander HDD Cooler circulates the air flow dramatically and decreases your HDD temps as well as the whole system. It uses the new lubricated bearing type fan, a cross between ball bearings.

Description

This powerful Lander HDD Cooler circulates the air flow dramatically and decreases your HDD temps as well as the whole system. It uses the new lubricated bearing type style fan, a cross between ball bearings.

Features

- Using 12cm Fan provides the maxima airflow and air pressure with the lowest dBA level.
- H.D.D System Cooler Lander allows the maxima airflow to bring the heat out of the H.D.D and increase the air circulation within the case and further reduce the temperature of main unit.

Specifications

- Bearing type: Ever Lubricate bearing type (Long life bearing) Bearing
- RPM: 2000±10% RPM
- CFM: 80 CFM
- Dimension:: 150 x 145 x 43 MM
- Noise Level: < 26 dBA
- Rated Voltage: 12 V
- Weight: 340g

Additional Information

Brand	Evercool
SKU	EC-SHDC-E-D
Weight	2.0000
Vendor SKU/EAN	4711158191736
Special Price	\$9.71
