Description

Alseye X12 led case fan dc brushless fan 12v for computer case Unique and innovative industrial aesthetic design no frame design.

Features

Custom Fan Blades. High Airflow, Low Noise

X12 unique blade design for uses with high airflow and strong static pressure, use as case fan and ALSEYE XTREME series CPU liquid coolers, the airflow more concentrated.

Unique Frameless Design

Break the conventional framed design to reduce loss of wind and increase airflow.

Extreme Cooling Performance

High performance 4-phase motor, anti-aging, long life.

Get Know Thoroughly

Always pursuing a design that is not redundant to get better performance. We are constantly changing, bringing a comfortable user experience.

Constantly polished, good quality

The appearance of the X12 is the direction we are constantly pursuing. Samples have been repeatedly modified and proofed through long-term research by our team, ID designers, structural engineers and electronics engineers.
