

Alphacool HF compression fitting TPV - straight - black - 6pcs kit

\$15.95

Product Images

Short Description

The new fittings from Alphacool's Enterprise Solutions series were specially developed for the Alphacool TPV tubing. Thanks to a double locking system, they have a very high tensile strength. This consists of a metal ring and clings to the hose with hooks. However, they not only stand for safety, but also for longevity.

Description

The new fittings from Alphacool's Enterprise Solutions series were specially developed for the Alphacool TPV tubing. Thanks to a double locking system, they have a very high tensile strength. This consists of a metal ring and clings to the hose with hooks. However, they not only stand for safety, but also for longevity. As the fittings are made of nylon, they are extremely resistant and can easily be used with copper or aluminium parts in the water loops, because nylon does not react with other materials.

Specifications

Technical Data:

- Material: Nylon
- Colour: Black
- Length: 28 mm
- Diameter: 20.5 mm
- Thread: G1/4"
- Thread length: 5.5 mm
- Hose size: 12,7 / 7,6 mm

Additional Information

Brand	Alphacool
SKU	AC-17453
Weight	0.5000
Fitting Type	Compression
Fitting Size	7.6mm x 12.7mm
Fitting Angle	Straight
Fitting Finish	Matte Black
Vendor SKU/EAN	4250197174534
