

# Alphacool Eisstation 40 DC-LT - reservoir

\$31.50

## Product Images

## Short Description

The Eisstation 40 DC-LT of the Enterprise Solutions series corresponds to the above Solo Top and is therefore also extremely compact. This however comes with a reservoir. It also fits into 1U server racks but can also be mounted directly on a radiator. Together the Solo Top and reservoir are only 6 cm long, 4 cm wide and 4.1 cm high. That's why it also fits on a 40 mm Alphacool X-Flow NexXoS radiator.

## Description

---

The Eisstation 40 DC-LT of the Enterprise Solutions series corresponds to the above Solo Top and is therefore also extremely compact. This however comes with a reservoir. It also fits into 1U server racks but can also be mounted directly on a radiator. Together the Solo Top and reservoir are only 6 cm long, 4 cm wide and 4.1 cm high. That's why it also fits on a 40 mm Alphacool X-Flow NexXoS radiator. Despite its size, just under 30 ml of coolant still fits inside and since it can be connected directly to a radiator, it too acts as a reservoir. As with the Solo Top, the filter prevents air bubbles from entering the pump. The included double nipple allows the Eisstation to be connected directly to one of the four G1/4" threads at the side or front entrance of the radiator. The Eisstation, together with a NexXoS 40 mm X-Flow radiator fits easily into a 1U server housing.

## Specifications

---

### Eisstation 40 DC-LT

#### Scope of delivery:

- 1x Pump top
- 3x Stop Fitting
- 2x M3x8 screws
- 1x Stop Fitting - Tool
- 1x Hexagon key
- 1x Adapter (2x G1/4" external thread, rotatable)

#### Technical Data:

- Dimensions: 60 x 40 x 40,48 mm (W x D x H)
- Net weight: 61 g
- Maximum working temperature: 60 °C
- Connections: 5x G1/4"
- Pressure tested: 1.5 Bar
- Certificates: CE, FC, ROHS

## Additional Information

---

Brand	Alphacool
SKU	AC-15369
Weight	1.0000
Color	Black
Reservoir Type	Tower Tank
Pump Type	DC-LT
Vendor SKU/EAN	4250197153690
