Bitspower Premium Summit M Gunmetal Edition

$132.95

Product Images

Short Description

Bitspower brings an efficient and stylish solution for CPU water cooling with the Bitspower Premium Summit M Gunmetal Edition. Including brackets and accessories for both Intel and AMD platforms, this CPU block is all you'll need to keep your processor from overheating. Fashioned with high quality copper, this CPU block will bring a unique accent to your rig.

Description

Bitspower Premium Summit M Gunmetal Edition

Bitspower brings an efficient and stylish solution for CPU water cooling with the Bitspower Premium Summit M Gunmetal Edition. Including brackets and accessories for both Intel and AMD platforms, this CPU block is all you'll need to keep your processor from overheating. Fashioned with high quality copper, this CPU block will bring a unique accent to your rig.

In order to make heat exchange as efficient as possible, the copper base plate features a layer of 0.3mm fins/channels to increase the surface area, which is essential for heat dissipation. Then, the Bitspower water injection design brings a high flow of coolant directly on top of these fins for immediate cooling.

The Bitspower Premium Summit M Gunmetal Edition, equipped with Bitspower Digital RGB around the top plate, is sure to become the center of attention of your case with bright LEDs that are certified by ASUS AURA Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync, ASRock Polychrome, and Razer Chroma.
