

WATERCOOL

Watercool EPDM Tubing ID 3/8" - 5/8" OD (16/10mm) black matte

\$1.45

Product Images

Short Description

Due to the material's high elasticity, this tubing can be laid out in very tight bending radii and, thanks to its strength of shape, won't kink as easily as PVC tubing. The tubing is also compatible with a higher range of temperatures. But the best part: it is completely free of plasticizers that can wash out of PVC tubing and clog the micro fins of high performing systems.

Description

This matte black tubing is made from natural rubber (EPDM).

Due to the material's high elasticity, this tubing can be laid out in very tight bending radii and, thanks to its strength of shape, won't kink as easily as PVC tubing. The tubing is also compatible with a higher range of temperatures. But the best part: it is completely free of plasticizers that can wash out of PVC tubing and clog the micro fins of high performing systems.

The tubing's long lifespan, flexibility no need for maintenance make it the perfect choice for industrial appliances.

NOTE: Sold by the foot..

Specifications

Specs:

Color: black

Outer diameter: 16 mm

Inner diameter: 10 mm

Material: EPDM

Grade: 70 Shore A

Temp range: -30° - 110° C

Scope of delivery:

EPDM 16/10 (ID 3/8" - 5/8" OD) black- Length 1FT

Additional Information

Brand	Watercool
SKU	WC-50273
Weight	0.3000
Color	Black
Tube Type	Norprene
Tube Size	10mm x 16mm
Delivery	Bare
