Description

SHADOW WINGS 2 140mm

World-class quiet and solid cooling

be quiet! White colored Shadow Wings 2 140mm offers whisper-quiet operation and reliable cooling at low revolutions per minute. Key features include:

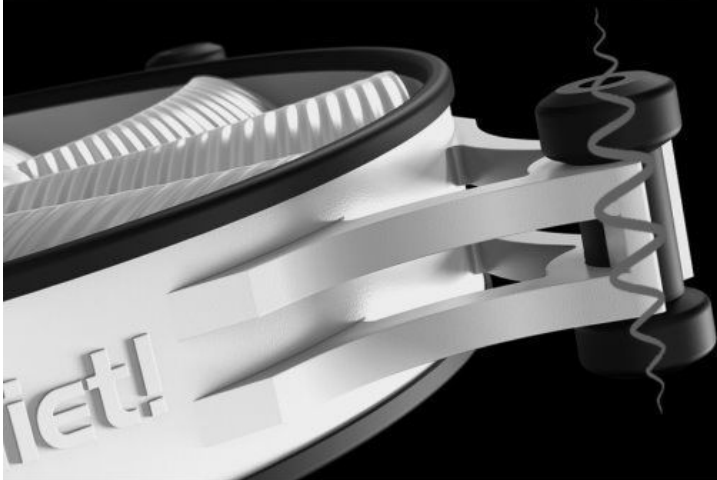

- Low-noise operation of up to 14.7dB(A)
- Airflow-optimized fan blades
- Anti-vibration mounting system prevents transmission of vibrations
- Rubberized fan frame minimizes vibrations
- High-grade rifle-bearing technology
- Secure and easy installation with push-pins
- Product conception, design and quality control in Germany
- 3-year manufacturer's warranty

Shadow Wings 2 fans are the perfect choice for all who appreciate maximum silence for their PC case.

WHISPER-QUIET OPERATION

Due to airflow-optimized fan blades

The Shadow Wings 2 140mm White fan blades have been optimized to ensure maximum airflow, resulting in a whisper-quiet operation yet solid cooling. They operate at only 14.7 dB(A) even at its maximum speed of 900 rpm. The perfect choice for all who appreciate maximum silence for their PC case.

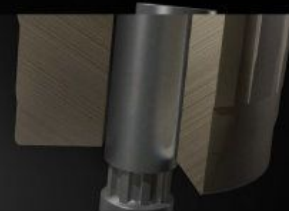

ANTI-VIBRATION CONCEPT

Reducing vibrations to a minimum

Removable anti-vibration mountings on all four edges of the fan reduce vibrations transmitted to the PC case. In addition, the fan is equipped with a rubberized frame that reinforces the anti-vibration concept and ensures vibrations are reduced to an absolute minimum.

The Shadow Wings 2 140mm White is the hallmark of outstanding reliability. This is achieved by its high-quality rifle bearing technology, which assures a very long lifespan of up to 80,000 hours.

PUSH-PIN MOUNTING

For user-friendly installation

With the Shadow Wings 2 anti-vibration mounting system the fan is simple to install. The push-pins ensure a very fast and secure installation without needing screws.

Specifications
