Thermaltake Level 20 MT ARGB Mid Tower Chassis

$99.99

Product Images

Short Description

Thermaltake Level 20 MT ARGB is the premium mid tower synchronized with motherboard in the level 20 family. Level 20 MT ARGB features enlarged side panel window, ATX motherboard support and a power cover.

Description

Thermaltake Level 20 MT ARGB is the premium mid tower synchronized with motherboard in the level 20 family. Level 20 MT ARGB features enlarged side panel window, ATX motherboard support and a power cover.
The Level 20 MT ARGB comes preinstalled with three 120mm 5V ARGB LED front fans and one 120mm rear fan. The front fans are addressable to deliver 16.8 million-color RGB illumination and unparalleled ventilation. This model comes ready to sync with RGB capable motherboards from Asus, Gigabyte, MSI and AsRock. The Level 20 MT ARGB takes our latest case innovations and wraps them in an ultra-modern style that's utterly unique in the case market today. Stand out from the crowd with the Level 20.

Features

TT Premium

To continue achieving the corporate mission of delivering the perfect user experience, Thermaltake developed "TT Premium" with the essence of combining supreme quality products with a new logo design. TT Premium is far more than just a guarantee of quality. Behind the name, it represents the passion in DIY,

Modding and Thermaltake's desire to be the most innovative brand in the PC hardware market. To satisfy the demand of the high-end PC users, TT Premium follows its core values of Excellent Quality, Unique Design, Diverse Combinations and Boundless Creativity to provide a high performance PC product for every enthusiast.

Trio Built-in 120mm 5V ARGB LED Fans

Preinstalled with three 120mm 5V ARGB LED front fans featuring hydraulic bearing, 9 addressable LEDs and 16.8 million-color illumination to guarantee high airflow and custom system designs to show off your PC design skills.
The 5V ARGB LED fans can be controlled using a simple interface built into the I/O panel that cycles through 7 different lighting modes and a range of different color options.

Sync with Motherboard RGB Software

Designed to synchronize with ASUS Aura Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync and AsRock Polychrome. It supports motherboards that have a 5V addressable RGB header, allowing you to control the lights directly from the above-mentioned software without installing any extra lighting software or controllers. For more details, please visit ASUS, GIGABYTE, MSI and AsRock official websites.

Built-in 5V RGB Switch Board

Thanks to the built-in 5V RGB switch board, the Level 20 MT ARGB is able to deliver the addressable RGB lighting customization through the I/O port RGB button or the synchronization with ASUS Aura Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync and ASRock Polychrome motherboards.

Power Cover Design

The Level 20 MT ARGB is designed with a power cover, which can be used to organize unused cables to make for a tidy-looking system.

Dust Reduction

Fitted with a superb top filter, side filter and bottom PSU filter. Providing excellent protection and reduction against dirt and dust.

Tempered Glass Window

The left side of the Level 20 MT ARGB features a full length 4mm thick tempered glass panel, which is more durable and less prone to scratches and dust than acrylic panels.

Superior Hardware

The Level 20 MT ARGB supports up to ATX motherboards, CPU coolers up to 170mm in height, VGA lengths up to 366mm without radiator on the right side and PSU sizes up to 170mm in length.

Specifications

	CA-1M7-00M1WN-00
	Level 20
	Mid Tower

	455 x 204 x 471mm (17.9 x 8.0 x 18.54 inch)
