Bitspower Mos Block For ROG Rampage VI Extreme Encore & Omega

The important components of your motherboards deserve to receive the best heat management possible, which is why Bitspower expertly designed the Bitspower Mos Block For ROG Rampage VI Extreme Encore & Omega to simultaneously cool the VRMs.

Made of clear acrylic, the top layer of the mos block offers not only an efficient water channel design, but also a unique look to complement your PC style, while the base layer is made of high quality copper and molded to tightly fit over the VRMs, offering the best heat transfer possible.
