

Akasa RISER BLACK X2 Premium PCIe 3.0 x16 Riser Cable - 20cm

\$41.50

Product Images

Short Description

RISER BLACK is your perfect premium PCIe 3.0 x16 riser cable series, featuring super-thin ribbon cable design and powerful EMI shielding to ensure high-speed PCIe 3.0 x16 bandwidth is delivered.

Description

RISER BLACK is your perfect premium PCIe 3.0 x16 riser cable series, featuring super-thin ribbon cable design and powerful EMI shielding to ensure high-speed PCIe 3.0 x16 bandwidth is delivered.

Features

Premium Riser Cable for High-end Graphics Cards

Enables a wide range of GPU installations without any performance loss from your motherboard's PCIe 3.0 - meeting the most demanding gaming systems.

Powerful EMI Shielding and High-speed Bandwidth

EMI shielding eliminates interference and performance degradation during transmission, ensuring a stable connection with no performance loss at the full PCIe 3.0 x16 bandwidth.

Maximum Flexibility

Super-thin 10-wire banded ribbon design provides clean installation and ensures maximum flexibility to accommodate even the tightest gaps for easy cable management.

Superior PCB Design

180° connector on riser cable PCB with premium quality solder points & gold plated contacts ensure GPU and PCIe motherboard plug-in connections are reliable and durable with no signal loss.

Specifications

Application	Premium PCIe 3.0 x16 riser cable
Length	200mm and 300mm
Colour	Black
Connector	180° PCIe 3.0 x16 Female to 180° PCIe 3.0 x16 Male

Product code AK-CBPE01-20B
(200mm)
AK-CBPE01-30B
(300mm)

Additional Information

Brand	Akasa
SKU	AK-CBPE01-20B
Weight	0.2500
Color	Black
Cable Type	PCI-E 16X Riser Ribbon Extender
Length	20cm
