Product Images

OLED warm screen

Innovative m.2 heat sink gives real-time temperature display function

Exquisite

Fine texture

1MS

ultra-high temperature sampling rate

50%

display improvement

RADIATOR

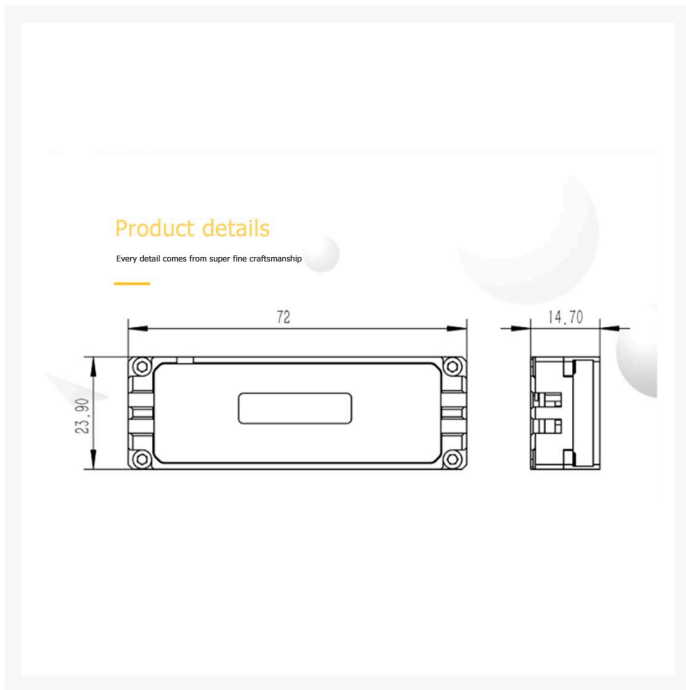

Aluminium alloy CNC

The whole aluminium alloy raw material is processed by CNC in many processes to form anode sandblasting process, with fine surface texture

New process upgrade, only for better experience

Short Description

This M2 SSD Heatsink comes with a Digital Display screen showing real-time temperatures. Its also includes a small turbine fan cooling fan for more efficient cooling

Description

This M2 SSD Heatsink comes with a Digital Display screen showing real-time temperatures. Its also includes a small turbine fan cooling fan for more efficient cooling

Features

Feature:

1. Seal type independent air duct, which can discharge heat well and dissipate heat quickly;
2. With OLED temperature display, the M.2 heat sink is endowed with the function of real-time temperature display;
3. It is made of aluminum alloy and processed by CNC in many processes. The surface texture is fine with anode sand blasting process;
4. With small turbine fan cooling fan, air cooling more efficiency;
5. The radiator is equipped with nano silicone thermal pad, with a thermal conductivity of 8W / km, which can well conduct the hard disk to the heat sink.

Specifications

Specification:

- Applicable specification: 2280 specification M.2 interface SSD
- Temperature display screen: OLED screen
- Voltage: DC 12V
- Display accuracy: accurate to 0.1 °C
- Real time display: temperature can be displayed, 1ms ultra-high temperature adoption rate
- Material: anodized aviation aluminum alloy
- Color: Black, Silver, Red
- Size: 72x23.9x14.7mm/2.83x0.94x0.57"

Note:

- Please allow 1-3mm differs due to manual measurement.
- Due to the different display and different light, the picture may not show the actual color of the item.
Thanks for your understanding.

Additional Information

Brand	AE
SKU	AE-M2-OLED-HEATSINK
Weight	0.2500
Heatsink Type	SSD/HDD/M.2 NVME
Material	Aluminum
Vendor SKU/EAN	Custom Options

Product Options

Color:	Black
	Red
	Silver
