

WATERCOOL

Watercool PWM Splitter 4x 4Pin

\$8.50

Product Images

Short Description

This Splitter helps remove cable clutter. You can connect up to four PWM fans to it. This improves not only the optics of your system but also airflow.

Description

This Splitter helps remove cable clutter. You can connect up to four PWM fans to it. This improves not only the optics of your system but also airflow.

The splitter can be mounted with an adhesive velcro strip. This makes mounting extremely versatile and simple. You can also install it with two small screws.

The splitter is connected via a PWM extension cable (sold separately). The PWM signal of the first fan is transferred to the three other fans.

Specifications
