Description

The Barrow Aurora LED hard tube ring is the perfect way to light up rigid tubes. The Aurora LED rings simply slide onto the rigid tube. This unique solution provides various ways to customize the individual appearance of your system.

Luminous kit of transparent tube

Practical/Durable/Convenience/Professional/Beautiful

Patent for Utility Models

实用新型专利
 The product has gained patent protection (202020779214.4), and counterfeit will be sued.

Beautification of tube body light

美化管体灯光
 Because light can be transmitted through the tube wall, the tube is lustrous and brilliant.

Supported AURA SYNC

支持AURA SYNC
 Lamp control is realized by connecting with the mainboard through Barrow "2802ZK-S" 5V patch cord; Accessed "DFZKX01" 16-way controller can realize the arbitrary switching between the lamp controls of controller and main board.

Miniature split-type wiring harness

微型分线式线束
 Miniature split-type socket is used for convenient installation and easy cable management.

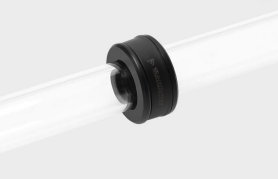

Colorful light

Convenient installation

安装便捷
 It is easy to use only by setting it into the tube and powering on.

Flexible positioning

灵活定位
 With non-fixed installation, it can emit colorful light after being fixed to any place of the tube at will.

Small volume

体积小巧

With a small volume and light weight of only **2.7grams**,
it will not impose burden on the tube.
