Short Description

Incorporating highly ergonomic technology with the lifestyles of the future, Sunon has developed the “Super Silence” fan series, which is characterized by our insistence on maintaining the best environmental quality and paying attention to minute detail.

Description

Incorporating highly ergonomic technology with the lifestyles of the future, Sunon has developed the “Super Silence” fan series, which is characterized by our insistence on maintaining the best environmental quality and paying attention to minute detail. This series is designed and engineered to ensure the best sound quality. Using multidimensional noise analysis, the sound quality has been improved from traditional acoustic norms to psychoacoustic levels. Micro-motor technology has allowed us to create the maximum possible space between fan blades and air channels. With its low rotating speed, the fan performs silently while still maximizing cooling efficiency. “Super Silence” fan series have low voltage characteristic and are designed for a wide range of uses. These fans have medical, household, commercial, and many other applications. They also will create a soothing and ergonomic user environment and carry on the "Cool" and "Quiet" traditions typical of SUNON products.

Specifications

manufacture	Sunon
Model / Part Number	HA40201V4-0000-C99
Size / Dimension	40mm x 40mm x 20mm
Rated Voltage	12 VDC
Rated Current	0.05 Amp
Rated Input Power	0.60 Watt
Speed	4700 R.P.M. (Revolutions per minute)
Maximum Air Flow	5.5 CFM (Cubic feet per minute)
Noise	12.8 dB-A
Maximum Air Pressure	2.03 mmH2O /0.08 inch-H2O
Function/Features	Speed Sensor (Tach)

Bearing Type	VAPO
Termination	6" with 3 Wire Leads
Power Connector	3pin
RoHS Status	RoHS Compliant

Additional Information

Brand	Sunon
SKU	HA40201V4-0000-C99
Weight	0.1000
Color	Black
Fan Dimensions	40mm
Fan Width	20mm
Fan Connection	3-Pin
Fan Voltage	12 VDC
Fan RPM	4700
Fan CFM	5
Fan Noise (dB)	13
