$269.95

Product Images

Short Description

For serious overclockers, liquid nitrogen is the only solution in order to push their hardware to the next level and get the highest benchmark scores. And for them, Bitspower presents the Bitspower CPU LN2 Container.

Description

Bitspower CPU LN2 Container

For serious overclockers, liquid nitrogen is the only solution in order to push their hardware to the next level and get the highest benchmark scores. And for them, Bitspower presents the Bitspower CPU LN2 Container. Made out of a solid block of high quality copper, the Bitspower CPU LN2 Container is precisely sculpted via CNC for a clean channel routing and most efficient cooling capabilities. Finished with nickel plating and a matt black anodized collar, the Bitspower CPU LN2 Container has a great look with greater performance.
