Short Description

Akasa USB-C to USB-C 100W PD Charging Cable Durable braided nylon USB Type-C 100W Power Delivery cable for powerful high-speed charging of Type-C devices and 480 Mbps fast data transfer.

Description

Akasa USB-C to USB-C 100W PD Charging Cable Durable braided nylon USB Type-C 100W Power Delivery cable for powerful high-speed charging of Type-C devices and 480 Mbps fast data transfer.

Features

- USB Type-C cable for powerful fast charging and data transfer
- Durable braided nylon sleeve prevents cable damage for long-lasting use
- Powerful Fast Charging and Efficient Data Syncing
High-speed charging for laptops, phones and tablets with Type-C ports, supporting up to 100W Power Delivery (PD) at 20V / 5A output. Supports data syncing without video output. Equipped with an e-marker chip to ensure sufficient data and power transmission.
- Sleek yet Sturdy
Braided nylon design provides a sleek finish whilst maintaining flexibility and protecting the cable from breakage, for long-lasting tangle-free usage. Perfect for use at home or on-the-go.
- Broad Compatibility
Reversible USB-C connectors and cable direction mean you can simply plug and play with a wide array of Type-C laptops, phones and tablets, for ultimate convenience.
