Short Description

Product Details:

When SilverStone engineers set out to create an HTPC enclosure with an integrated touch screen, they quickly realized the need to do more than just dropping a screen in front of an ordinary case. Users of cases at this caliber will demand compatibility with the best hardware components in the world. Therefore, an all new aluminum chassis was designed from the ground up to meet these demands. Borrowing from the superb airflow layout first pioneered in the LC16M, the LC18 can house any CPU with minimal noise thanks to its free-flowing dual 80mm exhausts and large intake vents. An innovative hard drive bracket was also created exclusively for LC18 to ensure top of the line graphics cards and capture cards can be used with little or no sacrifice in hard drive space. The precisely calculated distances between hard drives will ensure safe running either passively or actively (by mounting bottom feeding intake fans) for any hard drives installed. This exceptionally powerful chassis is then used to hold a HDTV-like 7" touch screen with brilliant wide-aspect ratio resolution for clear text and undistorted images. For the most creative users who demand the best, the LC18 is a perfect complement for either home or work.

* (LC18 does not support 64-bit operating systems)

* Windows Vista 32-bit users should use Windows XP driver available on Silverstone's website.

Features:

- Integrated 7" touch screen panel
- Premium, all aluminum construction
- Superb fit and finish
- Exceptional storage space
- Next generation cooling layout
- Rack mount ready

Specifications:

Model	SST-LC18B-D (black)
	SST-LC18S (silver)
	--
	--
Material	Aluminum front panel, 1.5mm aluminum body
Motherboard	Standard ATX, Micro ATX
Multimedia	--

Driver Bay	External	5.25" x 2
		3.5" x 1
	Internal	3.5" x 5 (vibration dampening)
Cooling System	Front	2 x 80mm fan slots
	Rear	2 x 80mm exhaust fan, 2050rpm, 21dBA
	Side	Dedicated CPU & PSU vents
	Top	--
	Bottom	--
	Internal	--
Expansion Slot	7	
Front I/O Port	Optional FP32 with USB2.0 x 4 IEEE1394 x 1 audio jack x 1 MIC jack x 1 (sold separately)	
Power Supply	Optional standard PS2 (ATX)	
Graphics Card	--	
Net Weight	6.5 kg	
Dimension	425 mm (W) x 170 mm (H) x 443 mm (D)	
Extra	Integrated 7" touchscreen	

Remark:

* LCD resolution support from 640 x 480 up to 1600 x 1024
