

Alphacool HardTube 13mm OD 90° brass 10/50cm chrome

\$18.95

Product Images

Short Description

The Alphacool Brass HardTubes give the user the opportunity to give their liquid cooling loop, a very special look. The tubes are very strong with a wall thickness of 0.8 mm, but they're still thin enough to be cut and installed without great effort. Alphacool offers the brass HardTubes in chrome and black, straight and pre-bent, and in various sizes.

Description

The Alphacool Brass HardTubes give the user the opportunity to give their liquid cooling loop, a very special look. The tubes are very strong with a wall thickness of 0.8 mm, but they're still thin enough to be cut and installed without great effort. Alphacool offers the brass HardTubes in chrome and black, straight and pre-bent, and in various sizes. The chrome plating or painting is extremely durable. Scratches and chipping are only to be expected in the event of strong force. When cutting the pipes, make sure to smooth cut edges with a fine grit sandpaper or the Alphacool Strong Guy pipe and hose deburrer, as sharp edges can damage the O-rings of fittings.

Specifications

Technical data:

Outer diameter: 13 mm

Inner diameter: 12,2 mm

Long side: 50 cm

Short side: 10 cm

Material: Brass chrome plated

Net weight: 154 g

Technical details:

Material:	Brass
Manufacturer:	Alphacool
UV - color:	Non UV-active
Max. Operating pressure:	4 Bar (at 20°C)
Service temperature:	-20°C bis 60°C
Length:	0,40m
Outer diameter:	13mm (1/2")
Inner diameter:	10mm (3/8")
Color:	Black Chrome

Additional Information

Brand	Alphacool
SKU	AC-18608
Weight	1.0000
Color	Silver
Tube Type	Brass
Tube Size	10mm x 13mm
Material	Brass
Vendor SKU/EAN	4250197186087
