Product Images

Short Description

This is a new professional high temperature silicone bending tube from Barrow. Using this 12mm silica gel tube, and inserting it into your 12 mm ID hard tube, you can heat the tube with a heat gun and bend your tube exactly as desired and need for your loop design.

Description

This is a new professional high temperature silicone bending tube from Barrow. Using this 12mm silica gel tube, and inserting it into your 12 mm ID hard tube, you can heat the tube with a heat gun and bend your tube exactly as desired and need for your loop design.

Purchase information

1. Product material : silica gel;
2. Product application: Suitable for bending hard tube;
3. Tensile strength,High temperature resistance,Non-toxic,Aging resistance,
Corrosion resistance
4. In case product appearance upgrade,without further notice, prevail in kind.

Features

EXPERT ON WATER COOLING

BARROW
WWW.BARROW.COM.CN

High temperature silicone rod

Tensile strength/High temperature resistance/Non-toxic/Aging resistance/Corrosion resistance

Tools

Antifriction and wearable

Environmental friendly non-toxic

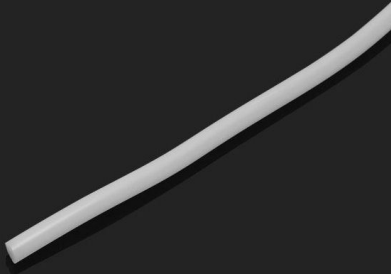

Convenient and fast

01

Applicable tube diameter

适用管径

| GJSGW-8 Silica gel, it is applicable for 12MM external diameter tube.

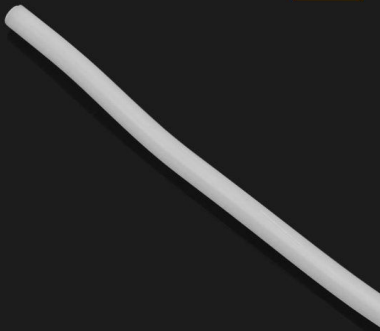

High temperature resistance

耐高温

02

With hot air gun, it can withstand 250 degrees high temperature. |

03

Flexible anti-aging and tensile strength

柔韧抗老化耐拉扯

| It is made of high quality silica gel, and has the characteristics of wear resistance, heat resistance and aging resistance, good flexibility and constant folding.

Additional Information

Brand	Barrow
SKU	GJSGW-8
Weight	0.1000
Color	White
Tubing Accessories Type	Bend Chord
Tube Size	12mm
Material	Silicone
Delivery	Bulk
Vendor SKU/EAN	6937826613760
Special Price	\$1.27
