Description

Product Details:

MouseGlidez™ - Enhanced Ultra-Slick Mouse Feet

Everglide™ - the pioneer of high performance gaming accessories has released the next generation of mouse-surface optimizing technologies. Everglide™, having created the entire replacement mouse feet industry, has now, after extensive testing and development in the Everglide™ labs, released the award winning Everglide MouseGlidez™. Tried, tested and proven with countless leading gaming and design professionals worldwide, the Everglide MouseGlidez™ will change the way you play and work forever.

Traditional or normal mousefeet do not provide you with the optimal mouse-surface experience. Everglide MouseGlidez™ are replacement mouse feet designed to replace existing mouse feet to provide cutting edge mousing performance, with ultra-slick smooth response without compromising on the tracking control.

The Everglide MouseGlidez™ reduces the surface/friction coefficient increasing the accuracy in tracking and ease of movement as well as reduces wear and tear on your mousing surface. The Everglide MouseGlidez™ will give new life to your old mouse.
