

BYGD AC to DC Converter 100V ~ 240V to 12V 2A 24W, Car Cigarette Lighter Socket AC/DC Power Supply Adapter

Special Price
\$4.99 was
\$9.95

Product Images

High security

Over current protection

Short circuit protection

Over temperature protection

Anti EMI interference

Over voltage protection

Surge protection

The max use should be $\leq 80\%$ of the full loads

We recommend you to use **12V 2A 24W** power supply to power devices $\leq 19W$

DON'T use it to power these automotive electronics

Short Description

Will the car equipment purchased for outing and traveling lose its value when the car is not used? No, because a good AC-DC converter can change this phenomenon and allow car equipment to be used at home. The purpose of BYGD is to help you solve difficult buyer problems. If you are ready to buy, we recommend that you choose a suitable AC-DC converter. We have passed rigorous evaluation procedures and provided this high-quality and inexpensive product. This adapter is perfect to use with our 12V DC mini vacuums we sell to clean your pc systems!

DC 12V 2A 24W Power Supply Adapter

-  Premium Quality Components
-  Multipurpose
-  Stable output
-  Safty Protections

WHY buy AC to DC converter:

Will the car equipment purchased for outing and traveling lose its value when the car is not used? No, because a good AC-DC converter can change this phenomenon and allow car equipment to be used at home. The purpose of BYGD is to help you solve difficult buyer problems. If you are ready to buy, we recommend that you choose a suitable AC-DC converter. We have passed rigorous evaluation procedures and provided this high-quality and inexpensive product.

WHY CHOOSE BYGD:

- 1 BYGD smart power device, just plug in the power socket, the converter is ready, when you plug in any car cigarette lighter device, you can use the product immediately, the converter will protect all equipment and home power.
- 2 High-quality automotive converter components produced by BYGD's manufacturing plant-input and output lines.
- 3 BYGD transformer built-in fuse provides comprehensive protection for your equipment, making you and your AC-DC converter lighter safe.

Package List :

1 x AC to DC Converter

Product Data:

- Input: 100V-240V
- Output: DC 12V/2A
- Frequency:50/60Hz
- Over-Load protection Over-Heat protection
- Short-Circuit protection
- Low-Voltage protection
- NW: 5.3 ounces

About BYGD

A good AC to DC Converter does not need to cost a earth, BYGD vacuum company provides you with better products and more professional services. We will work with our customers to create the best products. Create more value for customers and bring more convenience to life.

Features

- **【Quick use】** BYGD AC/DC converter can convert 100V~240V AC household current into 12V 2A DC power supply. Just plug the power adapter transformer into the household power supply, and then connect any electrical appliances to the car cigarette lighter, and the electrical appliances can be used immediately, quickly and efficiently.
- **【Wide application】** Every purchase of car cigarette lighter and car equipment below 24 watts can be converted into household equipment, such as car air purifiers, car MP3 players, car Bluetooth FM transmitters, car razors, car humidifiers And some low-power vacuum cleaners, this converter is a good choice for gifts.
- **【Stable and safe】** The vehicle inverter is made of insulating materials and ABS refractory materials, and is equipped with a power cord up to 3.7 feet. The built-in fuse can provide your equipment with overcharge, overvoltage, overload, and overheat protection. Use safely indoors.
- **【Professional Service】** Choose BYGD Auto AC/DC power converter, we provide 18 months warranty and excellent customer service. In short, I hope you have a good shopping.
- **【Reminder】** Do not supply power to high-power devices, otherwise the converter will not work, such as car refrigerators, car vacuum cleaners, air pumps, air compressors, tire inflators, heating and cooling boxes, coffee machines, etc. If you need a high-power converter, you can move to this store to buy a 10A converter.
