

HyperX 16GB 4000MHz DDR4 CL19 DIMM (Kit of 2) XMP RGB HX440C19PB4AK2/16

\$169.95

Product Images

Short Description

HyperX Predator DDR4 RGB* pairs brilliant RGB style with dazzling performance. Easily create** your look with HyperX's Infrared Sync technology, no cables required. Predator DDR4 RGB's CL15?CL19 latency and speeds up to 4000MHz provide a powerful boost. Featuring Intel XMP-ready profiles optimized for Intel's latest chipsets, it's available in 8GB?16GB singles and kits of 2 or 4 with 16GB?64GB capacities. 100-percent factory tested with a lifetime warranty, Predator DDR4 RGB's a reliable, powerful upgrade.

Description

HyperX Predator DDR4 RGB* pairs brilliant RGB style with dazzling performance. Easily create** your look with HyperX's Infrared Sync technology, no cables required. Predator DDR4 RGB's CL15?CL19 latency and speeds up to 4000MHz provide a powerful boost. Featuring Intel XMP-ready profiles optimized for Intel's latest chipsets, it's available in 8GB?16GB singles and kits of 2 or 4 with 16GB?64GB capacities. 100-percent factory tested with a lifetime warranty, Predator DDR4 RGB's a reliable, powerful upgrade.

Hunt your prey with smooth, stunning RGB style.

Give your system brilliant RGB style and the performance needed to stay atop the food chain with ultra-fast HyperX Predator DDR4 RGB¹. Easily set up² and show off your unique look thanks to HyperX's Infrared Sync technology, no cables required. Predator DDR4 RGB stays cool while looking great, thanks to the aggressive black heat spreader designed to complement its dazzling light display. Boost your frame rate, keep your streams smooth, and power through your highlight reel rendering with speeds up to 4000MHz and low CL15-CL19 latency. It's available in 8GB single modules and kits of 2 and 4 with capacities of 16GB-32GB. The Intel XMP-ready and certified profiles are optimized for Intel's latest chipsets and are compatible with many of AMD's latest chipsets - just select the profile and you're ready to go. 100-percent factory tested at speed, and backed by a lifetime warranty, dependable Predator DDR4 RGB gives you the best of both worlds: extreme performance and maximum peace of mind.

- Dynamic RGB effects- Give your system a boost of power and stunning RGB style.
- HyperX Infrared Sync technology- Easily set up lighting or pattern effects on your memory modules.
- Aggressive aluminum heat spreader- Fierce black heat spreader designed to complement any build.
- Trusted Performance- High speed, low latency DDR4 from a leader in PC gaming.
- Intel XMP-ready profiles optimized for Intel's latest platforms.

Dynamic RGB effects

Give your system a boost of power and stunning RGB style

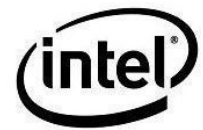

HyperX Infrared Sync technology

Easily set up lighting or pattern effects on your memory modules without cables

Aggressive aluminum heat spreader

Fierce black heat spreader designed to complement the smooth RGB lighting

Intel XMP-ready profiles

XMP-ready profiles designed for Intel's latest chipsets

Disclaimers

1. The specification of the extreme overclocking modules listed on this page may be beyond the capabilities of your system hardware. Careful selection of all system components (e.g. CPU, motherboard, PSU) is required to ensure these modules will function as intended.

These kits are thoroughly tested and verified in house to run at the listed speed. As a backup we include a 2nd XMP profile at a slower clock speed so you can still achieve great performance if your system cannot handle the included highest speed XMP profile.

2. Lighting customizable with motherboard RGB control software. RGB customization support through third party software may vary.

Features

Features:

- Stunning RGB style

- Patent pending HyperX infrared Sync Technology
- Fierce aluminum heat spreader complements the smooth RGB effects
- High speed, low latency DDR4 performance
- Intel XMP-ready profiles optimized for Intel's latest platforms

Specifications

Specifications

Thickness	315 mil
Manufacturer	Kingston Technology
RAM Memory Type	DRAM, DDR4 SDRAM
Form Factor	DIMM
Processor Speed	4000 MHz
Price Per Unit UOM	Each
Color Category	Black
Multipack Quantity	1
Model	HX440C19PB4AK2/16
Brand	HyperX
Number of Customer Ratings	1
PPU Quantity of Units	1.0000 Each
UPC	740617283761
Count Per Pack	2
Product Name	HyperX 16GB 4000MHz DDR4 CL19 DIMM (Kit of 2) XMP RGB HX440C19PB3AK2/16 - Memory Upgrade
Product Line	HyperX Predator
Compatible Devices	Desktop PC
Form	DIMM 288-pin
Manufacturer Part Number	HX440C19PB4AK2/16
Color	Multicolor

RAM Memory Speed	4000 MHz
Internal/External	Internal
Assembled Product Weight	0.25 oz

Additional Information

Brand	Kingston Technology
SKU	HX440C19PB4AK2/16
Weight	0.4000
Color	Black
Memory Type	288-Pin DDR4 SDRAM
Memory Capacity	16GB (2 x 8GB)
Memory Speed	DDR4 4000 (PC4 32000)
