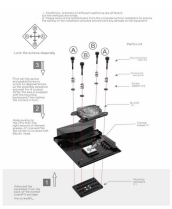
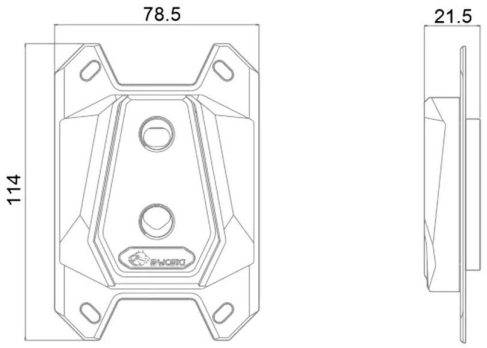
Bykski CPU-XPR-B-M-V2 CPU Water Cooling Block - PMMA w/ 5v Addressable RGB (AM3 / AM4 / FM2+ / Ryzen 3/5/7/9)

$49.95

Product Images





Short Description

This Bykski CPU Water Cooling Block features an electroplated copper base plate that is covered by a precision machined PMMA top. This block fits a wide variety of current AMD processors making it a great choice for AMD users.

Description

This Bykski CPU Water Cooling Block features an electroplated copper base plate that is covered by a precision machined PMMA top. This block fits a wide variety of current AMD processors making it a great choice for AMD users.

The block base is electroplated to prevent oxidation. The top is highly polished PMMA with a black accent logo. A high flow design is achieved using 0.5mm channels. This creates good heat dissipation and allows for maximum performance.

Features

- Finest Craftmanship
- Designed to Fit Standard G1/4 Thread Fittings

Specifications

Specifications

- Model:CPU-XPR-B-M-V2
- Brand:Bykski
