Short Description

The cloth surface of the Logitech G240 Gaming Mouse Pad provides ideal surface friction for low DPI gaming, improving mouse control and precise cursor placement. Rapid and abrupt starting, stopping and changes in direction are no problem with G240. Consistent surface texture improves sensor performance, especially when used with Logitech G gaming sensors. And the soft rubber base maintains stability without sacrificing

comfort.

Description

Designed for gamers who use high dpi mice, the Logitech G440 Hard Gaming Mouse Pad offers a low-friction surface with a clean, consistent surface texture. The rubber base prevents the mouse pad from slipping. The G440 was matched to Logitech G mouse sensors, and performs well with both laser and optical mice.

Features

Features:

- Moderate surface friction for low-DPI gaming: Improves mouse control with just the right amount of friction for sudden starts and stops
- Consistent surface texture: Gives you greater tracking performance and aiming precision
- Matched to Logitech G sensors: The ideal surface, game-lab-tested to maximize Logitech G mouse sensor accuracy and performance
- Stable, comfortable base: Soft cloth surface improves wrist comfort. Rubber base keeps the pad in place during high-intensity gaming
- Strong, flexible construction: Made of durable materials that easily rolls up for transport
