

# Alphacool Eiszapfen quick release connector female G1/4 outer thread - Deep Black

\$18.25

## Product Images

## Short Description

Make your water cooling loop more practical and easier to modify with the new Alphacool Eiszapfen quick release fittings. The Alphacool Eiszapfen are compatible with all components as they have a 1/4" external thread. You connect them exactly where you need them. Use them on radiators, reservoirs, pump tops or other suitable threads. Nothing can stop your ideas!

## Description

---

Make your water cooling loop more practical and easier to modify with the new Alphacool Eiszapfen quick release fittings.

### High Compatability

The Alphacool Eiszapfen are compatible with all components as they have a 1/4" external thread. You connect them exactly where you need them. Use them on radiators, reservoirs, pump tops or other suitable threads. Nothing can stop your ideas!

### Individual, like your system

Let your water cooling be special! For the first time, you decide whether you only need the plug, the coupling or both. Thanks to the separate Male or Female connectors you can add your Alphacool Eiszapfen to your existing system or build a new one.

### No Drip - No Splash - no leak

Alphacool relies on the proven N.D.S.L. technology for its Eiszapfen series. This gives you the freedom to uncouple your running system without letting it drip. Turn your normal water cooling system into a high-flow system!

### High-quality Materials

The Alphacool Eiszapfen are made of high-quality brass in two colours, Chrome or Deep Black.
