Cooler Master Cosmos C700P Full-Tower with Curved Tempered Glass Panel & RGB Light Control - Black Edition

\$349.99

Short Description

The COSMOS C700P Black Edition extends further than its matte black coating, comprised of internal and external improvements upon the original. The PSU Shroud, flat radiator brackets, fine mesh panels, cable cover system, and an extra rear panel are all included to advance the COSMOS' modular origins. While the panels and bars exhibit a pitch-black theme, the curved tempered glass possesses a lighter tint in comparison to the original. Builds enjoy a panoramic view through the dual-curved tempered glass, utilizing an arsenal of accessories at hand. Raising the Bar(s) in the COSMOS C700P Black Edition means more out-of-the-box parts to build an out-of-this-world rig.

Description

The COSMOS C700P Black Edition extends further than its matte black coating, comprised of internal and external improvements upon the original. The PSU Shroud, flat radiator brackets, fine mesh panels, cable cover system, and an extra rear panel are all included to advance the COSMOS' modular origins. While the panels and bars exhibit a pitch-black theme, the curved tempered glass possesses a lighter tint in comparison to the original. Builds enjoy a panoramic view through the dual-curved tempered glass, utilizing an arsenal of accessories at hand. Raising the Bar(s) in the COSMOS C700P Black Edition means more out-of-the-box parts to build an out-of-this-world rig.

Curved Tempered Glass Side Panel

A lightly-tinted tempered glass side panel, with two curved edges, offer a wide view of the system build.

Flat Radiator Brackets

Flat radiator brackets offer an easier maintenance, mounting, and removal process for liquid cooling with more clearance for push-pull configurations.

Alternate Rear Panel

To support exotic layouts with motherboards or graphics cards oriented vertically, an alternate panel with rubber grommets is included to allow a pass-through for external cables.

Highly Versatile Layout

The unique frame design supports a conventional, chimney, inverse layout, or a fully customized layout. The motherboard tray is also removable for installation outside of the chassis.

Extensive Cable Cover System

The 3 included covers can be placed on either the M. Port or on the mid-plate, with the ability to mount SSD storage or a reservoir.

Rich Connectivity

The advanced I/O panel features a USB 3.1 (Gen 2) Type-C port, four additional USB 3.0 ports, a fan speed control button and an RGB control button.

Motherboard Support

Mini-ITX

Micro-ATX

ATX

E-ATX*

*E-ATX up to 12" x 10.7" may impact cable management options

Storage Support

5.25" ODD x 1

3.5" / 2.5" COMBO x 4

2.5" SSD x 4

Fan Support

Top: 120/140mm fan x 3

Front: 120/140mm fan x 3

Rear: 120/140mm fan x 1

Bottom: 120/140mm fan x 2 (bracket needed)

Radiator Support

Top: 120mm, 140mm, 240mm, 280mm, 360mm (remove ODD)

Front: 120mm, 140mm, 240mm, 280mm, 360mm, 420mm (remove ODD)

Rear: 120mm, 140mm

Bottom: 120mm, 140mm, 240mm

Features

Features:

- COSMOS C700P Black Edition – Advancements upon the original COSMOS C700P include the PSU Shroud, flat radiator brackets, fine mesh panels, cable cover system, and an extra rear panel—all housed in a matte black C700P.
- Highly versatile layout – the unique frame design supports a conventional, Chimney, inverse layout, or a fully customized layout. The motherboard tray is also removable for installation outside of the chassis.
- Extensive cable cover system – The 3 included covers can be placed on either the M. Port or on the mid-plate, with the ability to mount SSD storage or a reservoir.
- Diverse Liquid Cooling support – a flat radiator bracket design offers more versatility for liquid cooling with the ability to be mounted on the top, front, or bottom of the frame. The two included brackets can each support a 420mm radiator.
- Curved tempered glass Side panel – a lightly-tinted Tempered glass Side panel, with two curved edges, offer a wide view of the system Build.

Specifications

Specifications:

Model

Brand	Cooler Master
Series	Cosmos C700P Black Edition
Model	MCC-C700P-KG5N-S00

Details

Type	ATX Full Tower
Color	Black
Case Material	Steel / Tempered Glass
With Power Supply	No
Power Supply Mounted	Bottom
Motherboard Compatibility	Micro ATX / ATX / Mini ITX / E-ATX
Side Panel Window	Yes
Dust Filters	Top, Front, Bottom

Expansion

External 5.25" Drive Bays	1
Internal 3.5" Drive Bays	4 x Combo 3.5" / 2.5"
Internal 2.5" Drive Bays	4
Expansion Slots	8

Front Panel Ports

Front Ports	1 x USB 3.2 Gen2 Type C 4 x USB 3.2 Gen 1 (formerly USB 3.0) 3.5mm Audio Out Jack / 3.5mm Mic Jack Fan Speed Control Button Lighting Control Button
--------------------	---

Cooling System

Fan Options	Front: 3 x 120mm / 140mm fan (2 x 140mm fan Pre-installed, 1200RPM) Top: 3 x 120mm / 140mm fan Rear: 1 x 120mm / 140mm fan (1 x 140mm fan Pre-installed, 1200RPM) Bottom: 2 x 120mm / 140mm fan (bracket needed)
Radiator Options	Top: 120mm, 140mm, 240mm, 280mm, 360mm, 420mm (remove ODD, maximum thickness clearance 70mm) Front: 120mm, 140mm, 240mm, 280mm, 360mm, 420mm (remove ODD) Rear: 120mm, 140mm Bottom: 120mm, 140mm, 240mm

Dimensions & Weight

Max GPU Length	490mm (without 3.5" HDD BRK) 320mm (with 3.5" HDD BRK)
Max CPU Cooler Height	198 mm
Max PSU Length	336 mm
Dimensions (H x W x D)	25.60" x 12.10" x 25.20"
Weight	47.60 lbs.

COSMOS C700P Black Edition - Advancements upon the original COSMOS C700P include the PSU Shroud, flat radiator brackets, fine mesh panels, cable cover system, and an extra rear panel-all housed in a matte black C700P.
