## Features

---

**SUPPORT SCHEMATIC**

**BRACKET PARTS**

**MULTIPLE GRAPHICS OPTIONS**

**STRUCTURAL ANALYSIS DIAGRAM**

**CONTROLLER**

**3PIN 17 KEY REMOTE CONTROL RGB CONTROLLER**

It adopts 17-key 4-pin 3-pin interface, compatible with computer motherboard plug-in interface line response (100ms), 17-key remote control, 17-key remote control interface universal, RF remote control, distance up to 8-25 meters, operation is sensitive and fast, friendly wiring is simple and convenient Support for custom single and double-line LED driver IC on the market, with more than 300 kinds of pattern effects, colorful.

**4PIN 24 KEY REMOTE CONTROL RGB CONTROLLER**

Computer chassis dedicated interface, Power supply Model 4-pin, 12V 4-pin Header, input end line length 30cm, RF 24 button, 4-key RF remote control, 360-degree without dead angle. Compatible with motherboard 4-pin plug all RGB strips, single, module.

## Specifications

---

- Brand Name: BARROW
- Certification: NONE
- Origin: CN(Origin)
- Application: Graphics Card
- Feature: RGB Support
- Lines: None
- Type: GPU Stand
- Power Interface: 4pin
- Model Number: CO006X
- Heatsink Material: Plastic

## Additional Information

---

Brand	AE
SKU	AE-ASUS-GPU-BRACKET-4P-12V
Weight	2.0000
Color	Various
Case Accessory Type	GPU Anti-Sag Bracket
