Description

From ZUOYA, this custom skin unique extra large desktop/mousepad for the gamer in you! This pad is for use with your PC or laptop computer and meant to cover your entire desk.

Most of your traditional mouse pads are smaller in size and take only a small bit of space on your desktop. These mousemats or desktop pads are much larger in size and are meant to cover your entire desktop to be able to mouse anywhere! These pads are generally 800 to 900 mm wide and are made of thick rubberized material 3-4mm thick. These pads have various surfaces for high speed gaming. In addition to providing a mousing surface these desk pads have exotic artistry or themes and will set the look of your PC desktop environment. This can give a dramatic look to your rig and gaming setup that will wow your family and friends!
