## Product Images

## Short Description

This Notebook Cooler is an ideal cooling pad for notebooks that are used either home and in office or for traveling because of their foldable compact design.

## Description

---

This Notebook Cooler is an ideal cooling pad for notebooks that are used either home and in office or for traveling because of their foldable compact design. There are two powerful yet silent performed cooling fans powered from USB. The hidden designed rubber stands not only keep your notebook balance but also reduce the noise from vibration. There are two storage spaces that you can pack the USB wire and memory chips and so on. Adjustable fan speed control for various applications.

## Features

---

- Foldable Compact Design for Traveling Convenience
- USB Power Plug for Easy Power-up
- Ultra Silent Fan for Quiet Performance
- Adjustable Fan Speed Control for Various Applications
- Dual Storages for Storage needs
