Short Description

Designed by Singularity Computers and manufactured in the USA by Performance PCs.
This is a Dual Loop Distribution Plate which fits onto the front panel of the Lian Li PC-O11 Dynamic inside of the tempered glass front panel window.

Description

Designed by Singularity Computers and manufactured in the USA by Performance PCs.

This is a Dual Loop Distribution Plate which fits onto the front panel of the Lian Li PC-O11 Dynamic inside of the tempered glass front panel window. It has two separate reservoirs and fits two D5/DDC pumps. It is compatible with any D5/DDC pumps. It comes included with two D5/DDC Rentention Ring which attaches the

pump to the Distribution plate. There are 4 ports per reservoir, 2 inlets and 2 outlets to allow for different tube routes and parallel. One of the outlets can be used as a drain port. There are fill ports for each loop on the front of the distribution plate which can be accessed by removing the tempered glass front panel window. It comes included with a DRGB Addressable LED strip.

NOTE: D5/DDC Pump and Cover Not Included.

Channelz Effectz Service

Tired of all that colored Coolant clogging up your loop but don't want to stick with some boring old clear coolant? Well Performance-PCs has you taken care of with their new Channelz Effectz Serivce! This service is a great way to add some color to your Channelz distribution plate without clogging your loop with pastel or mica filled coolants. We use an epoxy resin mixture that is safe for your loop and will certainly help that build POP. There is 30 different super vivid color options to choose from and we even added the ability for you to mix colors to give your loop its own style.

Features

Installation:

Compatible with the Lian Li PC-O11 Dynamic. Remove the front panel tempered glass from the PCO11. Drill out the 4 rivets in the 4 corners of the case with a 4mm drill bit. Cleanup the debris left inside of the case. Attach the M4-M3 Stand Offs to the M4 threads on the 4 corners of the distribution plate. Position the distribution plate inside of the front panel and mount it with the included M3 6mm Countersunk fasteners (do not overtighten fasteners on the acrylic). Replace the front panel tempered glass.
