It has one reservoir and fits a single D5/DDC pump. It is compatible with any D5/DDC pump. It comes included with a D5/DDC included with a DRGB Addressable LED strip.

Description

Designed by Singularity Computers and manufactured in the USA by Performance PCs.

This is a Single Loop Distribution Plate which fits onto the 360mm side radiator mount of the Lian Li PC-O11 Dynamic. It has one reservoir and fits a single D5/DDC pump. It is compatible with any D5/DDC pump. It comes included with a D5/DDC Retention Ring which attaches the pump to the Distribution plate. There are 3 ports, 1 inlet, 1 outlet and a fill port. It comes included with a DRGB Addressable LED strip.

NOTE: D5/DDC Pump and Cover Not Included.

Channelz Effectz Service

Tired of all that colored Coolant clogging up your loop but don't want to stick with some boring old clear coolant? Well Performance-PCs has you taken care of with their new Channelz Effectz Service! This service is a great way to add some color to your Channelz distribution plate without clogging your loop with pastel or mica filled coolants. We use an epoxy resin mixture that is safe for your loop and will certainly help that build POP. There is 30 different super vivid color options to choose from and we even added the ability for you to mix colors to give your loop its own style.

Features

Installation:

Compatible with the Lian Li PC-O11 Dynamic. Install onto the PCO11 side 360mm radiator mounting holes using the included x4 M4 22mm Button Head Hex Bolts and M4 Nuts. The mounting holes on the distribution

plate will line up with the existing radiator mounting holes on the case.
