Short Description

The MSI Clutch GM08 Gaming Mouse equips the everyday gamer with great precision and resilience. The PixArt PAW-3519 optical sensor is designed to provide fast and accurate tracking that can be adjusted on-the-fly with five settings ranging from 200 to 3200 dpi.

Description

The MSI Clutch GM08 Gaming Mouse equips the everyday gamer with great precision and resilience. The

PixArt PAW-3519 optical sensor is designed to provide fast and accurate tracking that can be adjusted on-the-fly with five settings ranging from 200 to 3200 dpi. With the MSI Dragon Software, you can extend the maximum dpi setting to 4200 dpi. Modify how light or heavy the mouse is by taking advantage of the adjustable weight system located under the mouse. The dragon scale grips, rubberized scroll wheel, and ambidextrous design provide comfort no matter what hand you use. Enjoy years of gaming with six durable buttons and switches, rated for over 10 million clicks, and a gold-plated USB 2.0 connector. This mouse is compatible with Windows computers.

Features

Side Buttons

Polygonal side buttons provide quick and easy access to macros and customization.

LED Lighting

An MSI Dragon LED and the bottom of the mouse glow with an intense red color, illuminating your gaming space.

Symmetrical Design

Easily accessible to left and right handed gamers due to its symmetrical design.
