## Fractal Design Node 304

A fusion of functionality and elegance.

Node 304 accommodates up to six hard drives. Unused mounting brackets can be removed to allow for long graphics cards, additional airflow, or more space for organizing cables. Additionally, it is equipped with three hydraulic bearing fans, easy-to-clean air filters in all intakes, and two front USB 3.0 ports.

Featuring hybrid functionality, the 304 case is ideally used as a cool-running file server, a stylish and quiet home theater PC, or a powerful gaming system.

# Features
