Short Description

ROG Scabbard is a massive, extended mouse pad that provides you with ample space for your mouse and gaming gear.

Description

ROG Scabbard is a massive, extended mouse pad that provides you with ample space for your mouse and gaming gear. Crafted from military-grade Cardura Late fabric technology for superior splash-resistance and durability against scuffs and scrapes, it provides a consistent and responsive tracking surface that is easy to maintain. With glow-in-the-dark lettering, anti-fray stitched edges and a red non-slip rubber base.

Features

SUPERIOR DURABILITY AND SPLASH RESISTANCE

ROG Scabbard protects against accidentally knocked over drinks while at the same time being easy to maintain. Made of durable, splash-proof and stain-resistant Cordura Lite fabric, the material of choice for top international military and outdoor athletic brands, it provides a consistent and responsive tracking surface, and keeps in pristine condition – no matter what your gaming throws at it.

GAMING OPTIMISED SURFACE

The textile-weave surface is designed to deliver a smooth surface with adequate friction, great for both optical and laser sensors. And the 2mm thick, slightly cushioned surface brings an added level of gaming comfort.

DESIGNED TO LAST

With its durable Cordura Lite fabric surface, anti-fray stitched edges and a non-slip 'ROG red' rubber base that firmly grips any surface, ROG Scabbard is a long-lasting gaming mouse pad engineered to endure the heaviest of battles – and much more.

Specifications
