Description

Set up your new build in the ASUS TUF Gaming GT301 Mid-Tower Case. Featuring a durable steel frame, it also has a tempered glass side panel, so users can show off their hardware. Inside is enough room to fit up to an ATX motherboard with plenty of space left for multiple storage drives, PCIe cards, and fans for cooling. Three of the pre-installed fans have integrated RGB lighting, which users can customize for a unified theme with the ASUS Aura RGB software. For your convenience, the GT301 even comes with a headset hanger.

Features

ASUS Aura RGB Lighting

ASUS Aura RGB Lighting provides users with a variety of color and lighting effect options to best fit their style.

Headset Hanger

An included headset hanger lets you easily keep your headset within reach, and can be attached to the top of the case on the left or right side.
