Product Images

Short Description

Ever start a build and realize you forgot to order additional Molex pins, Wire, or even something as simple as zipties for cable organizing? Well don't worry these PPCS Deluxe Repair Kit were designed with the PC Modder in mind.

Description

Ever start a build and realize you forgot to order additional Molex pins, Wire, or even something as simple as zipties for cable organizing? Well don't worry these PPCS Deluxe Repair Kit were designed with the PC Modder in mind. Don't waste time ordering wire crimpers, pliers, zipties, tie downs, pins and heatshrink individually this kits come packed full of tons of useful products that you tend to forget and even some you didn't realize you would need! We have added up the total cost of buying these parts individually and these kits have over \$250 in parts packed inside I call that a steal.
