THREE-ZONE DYNAMIC RGB BACKLIGHTING

Illuminate your desktop with customizable colors and effects using CORSAIR iCUE software.

Customize your keyboard's RGB lighting and effects, create macros, remap keys, and more with CORSAIR iCUE.

DUST AND SPILL RESISTANCE

Guard against accidents with IP42 protection so your gameplay never has to stop.

Short Description

The K55 RGB keyboard is your first step towards enhanced performance.

Description

The K55 RGB keyboard is your first step towards enhanced performance. Stay one step ahead with 6 dedicated on the fly programmable macro keys. Multi key anti-ghosting ensures your simultaneous key press combos are executed the way you wanted. The dedicated volume and media playback buttons enable control of all of your media without interrupting the game. RGB backlighting and intuitive lighting modes provide expressive lighting options, all under your control. Quiet, responsive keys provide a satisfying feel. The K55 RGB gaming keyboard comes with a detachable soft rubber wrist rest to ensure additional comfort during marathon gaming sessions. Keyboard cable type non-braided.

Features

- Dynamic RGB backlighting across three zones, with full customization of colors and lighting effects
- Dust and spill resistant design rated up to IP42 protection guards against accidents so your gameplay never has to stop
- Six programmable macro keys give you the in-game advantage of powerful macros or key remaps
- Detachable, soft rubber palm rest reduces stress on your wrists so you can play longer in comfort
- Dedicated volume and media controls give you direct control over your audio without having to interrupt your game

- Powerful corsair iCUE software enables vivid dynamic RGB lighting control, sophisticated macro programming and full-system lighting synchronization across all iCUE-compatible Corsair devices
- Quiet and responsive keys for comfortable typing during both work and play
